

Memorandum

MIAMI-DADE
COUNTY

Date: January 23, 2013

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

Agenda Item No. 8(N)(4)

From: Carlos A. Gimenez
Mayor

Subject: Resolution Authorizing the Execution of a Supplemental Joint Participation Agreement with the Florida Department of Transportation to Provide Additional State Funding in the Amount of \$525,000 for the Operation of the NW/NE 135th Street/Opa-locka Boulevard Crosstown Bus Route Service

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) authorize the execution of a Supplemental Joint Participation Agreement (Agreement) in substantially the form attached hereto, with the Florida Department of Transportation (FDOT) to provide additional State funding in the amount of \$525,000 for the continuation of the NW/NE 135th Street/Opa-locka Boulevard Crosstown (Route 135) service.

It is further recommended that the Board authorize the receipt and expenditure of funds as specified in the agreement. An equal match of \$525,000 will be provided through Miami-Dade Transit's (MDT) Operating funds.

This agreement recommendation is placed for Committee review pursuant to Miami-Dade County Code Section 29-124(f). This agreement recommendation may only be considered by the Board if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the BCC prior to the date scheduled for Board consideration or forty-five (45) days have elapsed since the filing with the Clerk of the Board of this agreement recommendation. If the CITT has not forwarded a recommendation and forty-five (45) days have not elapsed since the filing of this agreement recommendation, I will request a withdrawal of this item.

SCOPE

While this route runs through the County Commission Districts 1, 2, 4, 6 and 13, the impact of the project benefits the riding public, and is therefore, countywide.

FISCAL IMPACT/FUNDING SOURCE

The State participation provided by this agreement is \$525,000. The State's \$525,000 funding contribution would be matched equally by MDT's Operating funds (Operating expenditure index code MT710800). The local match and the State's contribution will provide a total of \$1,050,000 for this agreement.

The current and future operating cost for the Route 135 is \$2.1 million annually and is budgeted within the 29.2 million revenue miles. Since the implementation of this route in 2009, the State has contributed \$323,000.

TRACK RECORD/MONITOR

MDT has entered into numerous funding agreements with FDOT over the course of more than twenty-six (26) years. The Project Manager for this agreement is Robert Villar, Chief, Budget and Performance Reporting.

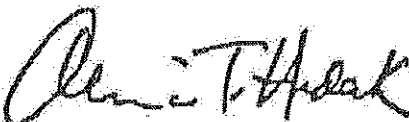

BACKGROUND

The State of Florida's Service Development Program provides funding for the improvement or expansion of public transit services with a focus on innovative technologies, marketing community outreach, and other techniques used for increasing service to the riding public. Service Development Projects are limited to three years or less in duration. If determined to be successful, the project must be continued without additional Service Development Program funds.

The Route 135 from Florida International University (FIU) Biscayne Bay Campus to NW 60th Avenue in Miami Lakes began service on December 13, 2009. This route provides direct service from east to west along the State Road (SR) 916 Corridor. Previously, a transfer was required when traveling from FIU and North Miami to Miami Lakes. Currently, the route provides more frequent service in the NW 135 Street/Opa-locka Blvd corridor and offers passengers faster service to FIU and access to the Opa-locka Tri-Rail station. Residents of North Miami are able to reach jobs easily at the Miami Lakes Industrial Park. The entire corridor has feeder bus access to the Opa-locka Tri-Rail station. Currently, the average weekday ridership for Route 135 is 1,989.

On June 3, 2010, the Board approved Resolution R-602-10 through an agreement with FDOT for State funding in the amount of \$123,000 for the Route 135. Subsequently, an additional \$200,000 was provided in a supplemental agreement approved by the Board (R-310-12) on April 3, 2012. The State's total funding participation to date, inclusive of this agreement is \$848,000. This is the final year of funding eligibility for this route under the State's Service Development Program.

Additional funding in the amount of \$395,275 for the continuation of this route is being provided through a Section 5316-Job Access Reverse Commute (JARC) Program grant, which was awarded by the Federal Transit Administration on April 3, 2012.
